SUMMARY

As a motivated and detail-oriented B.Tech in CSE student, I possess a strong foundation in computer hardware and programming languages such as C, C++, Python, DSA, HTML, CSS, JS, etc. With a keen interest in Software development and Web - development, I have successfully developed a prototype website for my clothing store. Aspiring to become a software engineer, I am seeking a challenging opportunity to contribute my skills and knowledge towards developing innovative software solutions that drive the growth of the company.

EDUCATION

+2 Computer Science

Kathmandu Model College / Kathmandu / August, 2020 - March, 2023
